

# Zoltar's Fortune

**Zoltar's Fortune** is a three (sometimes four) piece band from the Durham and Chapel Hill area in North Carolina specializing in modern interpretations of traditional instrumental gypsy fiddle music. Most of their set is comprised of traditional Romani & Russian fiddle songs, though they have recently been adding klezmer, jazz and rearranged classical songs mixed with elements of Western music to their set. The band is developing original music as well.

**Zoltar's Fortune** formed in May of 2013 and has been playing regularly in the Triangle area. The band's eponymous 2015 EP is available to purchase or to stream on their BandCamp and ReverbNation sites, and are putting the final touches on their first full length album, due summer of 2019.
